MRS CHARMAN JUSTICE
PO 714
ROOSEVELT UT 84066

Dear Charman:

Re: Method for Voting Ballots

According to the ballots which were returned, the water users are in favor of compensating Dean Clerico for the time and effort he spends riding with you this summer to learn more about the Deep Creek Distribution System.

Last Thursday I talked with Raymond Murray and he suggested Dean be paid at a rate of \$5.00 A hour. Raymond also suggested you keep track of the time Dean spends with you and report it to us. We will then issue a check to him based on the time worked.

It appears from the balloting that next year, voting for the river commissioner will be according to Alternative #1. This method requires that Mosby Irrigation Company meet before the Deep Creek distribution meeting and select a person to propose as commissioner for the following year. At the annual meeting, the Deep Creek water users will then have the opportunity to accept Mosby's proposal or reject it and make a proposal of their own.

If you have any questions, please contact me.

Sincerely,

Lee H. Sim, P. E.
Assistant State Engineer
Adjudication/Distribution
